MAYOR KEIGLEY ISSUES WARNING TO ALL AUTOISTS

Driving An Automobile With
Cut-Out Open Must
Cease

MUST BE CAREFUL
NEAR A SCHOOL

Intoxicated Drivers Will Be
Arrested And Sent To
County Jail

Mayor Charles B. Keigley today issued the following warning to automobile drivers:

"On reading each evening in our city papers of the number of automobile accidents that take place in and around Mt. Vernon, and in addition to this the number of complaints of reckless driving reported at this office, almost every day, and the small number of arrests that are made in these cases, I suspect some folks are wondering what is wrong.

"Therefore I wish to make the statement, that since we have only four police officers for both day and night duty, and no motor conveyance of any kind for the police department, and the unwillingness of those making the complaints to file an affidavit it is almost impossible to obtain enforcement of the traffic laws.

"In view of the above facts and conditions, I hereby ask the cooperation of all motor drivers and pedestrians in order to avoid as much as possible any further accidents.

"Many of the accidents are the fault of the pedestrian as much as it is the fault of the drivers, due to the fact that they insist on crossing busy streets between intersections (where the automobile driver least expects it) and the fact that many pedestrians seemingly prefer jay-walking.

"One very annoying thing is the use of cut-outs in the night season especially when passing a hospital, and besides we have a few folks who still believe that night is the time to sleep.

"In addition to asking for your cooperation I also wish to give some warning (which includes taxi drivers also) that anyone brought into police court and found guilty of the following violations need not expect any leniency:

"Driving an automobile with cut-out open.

"Driving in a reckless manner especially when passing a school building while the pupils are going to and from school.

"Driving an automobile while intoxicated, and the police officers have been instructed to take any person found driving a motor vehicle while intoxicated to jail instead of to their homes.

"Hoping this will be taken in a friendly way, and considered as being intended for the best interests of citizens of Mt. Vernon."

CHRISTMAS SEALS SELLING RAPIDLY

The women satisfied the police of their identity. The police boarded the train at Maywood on a report that Mrs. Phillips was reported to have been seen on the train as it left Omaha last night, although detectives had said it was extremely unlikely that Mrs. Phillips could reach Chicago in three days without use of an airplane.

Speeders Must Ride In The Patrol Wagon

(BY THE ASSOCIATED PRESS)
INDIANAPOLIS, Dec. 5.—Speeders will be taken to the city jail in the patrol wagon if the order of Mayor Samuel Lewis Shank is approved, it was announced at police headquarters today. The mayor, because of the arrest of many speeders recently, believes that speeding can be curbed after the violators are taken to the city jail and placed under bond, rather than be allowed to go to their homes after going through the formality of arrest.

Fifty-seven deaths have occurred so far this year from speeding and reckless driving the mayor said.
